

CLASSIC

CLEAR SEE-THROUGH DESIGN | TIMELESS BEAUTY
MID-LEVEL SECURITY STRENGTH

When beauty factors into perimeter security, **Classic's** stately elegance is an incomparable choice.

Difficult to climb or penetrate, made to last, and competitively priced, Classic's V-shaped braces along the length of each steel panel add lateral strength, and its adaptability to elevation and directional changes (120° swing) make this fence ideal for nearly any application.

PANEL

HEIGHT	LENGTH	OPENING	STEEL BRACKET	GAUGE	WIRE TENSILE STRENGTH
25 3/8"	95 1/4"	2X6"	#2	6	80,000 - 110,000 PSI
43 4/4"	95 1/4"	2X6"	#2	6	80,000 - 110,000 PSI
62 3/16"	95 1/4"	2X6"	#3	6	80,000 - 110,000 PSI
73 1/4"	95 1/4"	2X6"	#4	6	80,000 - 110,000 PSI
98 1/6"	95 1/4"	2X6"	#5	6	80,000 - 110,000 PSI
